

# Roberts

Hwy 212  
Re-Construction

Impacts  
**Safety & Aesthetics**  
of Our Community

## Roberts Speedway

45 MPH  
Too Fast

35 MPH  
Just Right

Radar speed  
signs. Roberts  
needs them too!

**Survey Petition #1:** Lower the speed  
limit through Roberts to 35 MPH for  
community and visitor safety.

## RISC

Roberts Hwy 212  
Improvement &  
Safety  
Committee

**Our Mission:** Committed to advocating for the  
Roberts community's needs and requests for a  
safe, functional and aesthetic result from  
MDT's Hwy 212 re-construction improvements.

Current

**Survey Petition #2:** Remove the center turn lane, leaving thru-traffic where it currently is and leaving the existing wide shoulders as a buffer on both sides for buggies, bikes, farm vehicles, businesses, and pedestrians.

Drawings not to scale.

Proposed

**Survey Petition #3:** Fill in the open ditches on both sides of the highway with buried drainage culverts to facilitate pedestrian walkways, safety, aesthetics, and access to the Veteran memorials.

How do we honor our Veterans with oversized ditches running the length of town?
